

Finance Committee

• See updated Income Statement vs. Budget:

Club made \$4k in August and had a profit of \$69k YTD * but many costs are missing:

- * We are missing billing for \$4k Accountant + \$5k Outside Storage in August
- * \$4k of costs for TV/webcam were capitalized but should have been expensed
- * we are also missing the final payment to Glenn for Burnaby Open ~\$2k
- * less \$12k estimated depreciation (non-cash)
- Adjusting for these items the adjusted profit would have been \$42k for the full year;
 these issues are under review with the accountant.
- Less \$30k + \$7k term deposit interest into Restricted Funds this year
- Leaves \$5k to General Reserve / on a cash basis we would add back \$12k depreciation.
- It seems there was a mixing of cash from food sales to pay for food expenses resulting in a distorted picture of what true concession food/bev sales and expenses were but it seems everything was at least in, if not properly accounted for, and we made \$167.
- Only \$160 of silent auction proceeds have been paid leaving over \$1100 not collected yet (we shouldn't record that income until we get paid)
- Budget 2015-16
 - Budget sent to accountant to update accounting system
 - Created new accounts:
 - 5700 for Clubhouse Repairs under Kenny,
 - 5875 for Satellite TV
 - 5940 for League Expenses under Ron & Mary
- Ended August with \$15k in General Account + \$67k in Savings (surplus) Account
 - Transferred \$30k from Savings to Term Deposit for 2015 bubble contribution

<u>Rules</u>

• All rules language updates from last year were incorporated into new membership info & rules brochure so at last I can shrink this section!

Other:

- Arranged with Desjardins (our credit card service provider) to accept Mastercard as well as Visa.
 - o Rates will range from 2.2%-3.4%, will vary depending on card type
- Booking System
 - SportyHQ development and testing progressing at a rapid pace. Very close to ready so we plan to go live on October 1. Some new online booking enhancements will include:
 - Support for new 8 hour weekly limit
 - Block cancellations under 24 hours (must call staff)
 - Block changes under 48 hours (must call staff)
 - Option to book 24 hr courts online
 - Member communication should be out by mid-month with introduction and instructions on how to sign up on the new booking system.

- Some issues are outstanding and being worked on better non-member guest setup & tracking, doubles bookings with combination of member & guest, staff procedures for ball machine & serving, but the big main rules are working.
- Gigasports will be terminated after we have confirmation new system is running.
 - Gigasports still hosts our website but we will have to move that too. Plan is for SportyHQ to host (integrated with booking like Giga did) incl. web cam support. In time we also hope to have online payments, new user registration, and an electronic acknowledgement of our rules & terms of use online.
- Participated in SGM with other Board members. 28 members attended but there was no official voting at the SGM. These are some random notes & comments:
 - There was great satisfaction expressed for the newsletter.
 Members are happy to hear it will be done quarterly.
 - o Majority of attendees favoured new logo but there were concerns & comments:
 - One member was very displeased that logo was changed and that members did not initiate or ask to change the logo, and the voting process was biased.
 - There was a concern raised that it was not brought to attention of members that the winning logo was not designed by a member.
 - Other members felt the voting process was fair and that we should just get on with it. The Board consists of members.
 LK: The Board's role is to proactively bring ideas to members for consideration,
 - not to simply wait and react to random proposals.
 - Someone asked if the club could print t-shirts with the new logo for all members
 - O Someone asked if there was a limit on the number of family memberships. There is not. LK: The Family class is the only group discounted class with a substantial discount, at some point there needs to be a limit, say 10 (last year there were 7), to preserve the club's \$Revenue per member. Or raise the family dues to reduce the discount. Extra families can still join as regular members but without the discount.
 - On the budget there was pushback on the budget for the AGM & Socials. One member was displeased at the \$3k amount budgeted for the AGM.
 - LK: Last AGM we spent \$2220 and over half of that was costs for awards, many for past members that will not be repeated. Even including all costs, based on ~75 attendees, the cost per person was under \$30 which is still quite modest. The higher budgeted amount partly assumes (hopes) higher attendance but if it doesn't happen then we will save.
 - "We" agreed to review impact of new rules after 3 months. Sounds fine but:
 LK: by the time data is gathered in January we are halfway thru the indoor season and haven't even begun a review yet so why not wait for season to finish? It is also debatable whether we should change the published rules mid-way thru a bubble season.
 - There was a brief discussion about including doubles nights & socials in the 8 hour weekly limit but there was zero support for that idea.
 - Re: SFU team wanting court time for training. We will try to accommodate during low demand times but a member suggested they should join as Pay'n'Play since courts 1 & part of 2 are supposed to be dedicated to public use.
 - LK: could it be a pay'n'play block booking? Not sure we have any of these.
